The awful list of injuries on a 4th of July staggers humanity. Set over against it, however, is the wonderful healing by Bucklin's Arsenic Salve, of thousands, who suffered from burns, cuts, bruises, bullet wounds or explosions. Its the quick healer of boils, ulcers, eczema, sore lips or piles, 25 cents at Elk Drug Store.

## A FINDER OF PEOPLE

Emergencies are constantly arising which make it necessary to communicate with persons whose exact locations are not known. In view of this fact Bell operators everywhere give the most scrupulous care to locating people and bringing them together in emergencies when probably no other means of communication would be available.

Bell operators are trained to follow any reasonable clue. They have complete information concerning residents in every district, and can often find parties wanted by street addresses, occupation, business or other indications in the absence of names. Their facilities for locating transients are good. Messengers are on duty at railway stations, and are frequently able to intercept travelers by description, and bring them to a telephone.

Night service is particularly thorough and sympathetic, for it is recognized that calls then, when the community is asleep, are likely to be of the utmost urgency.

Toll charges in emergency messages are no higher than ordinary rate, and in most cases the results cannot be weighed on a money basis.
